

Adventure Guides,

Join the Trailblazers on Saturday, April 10 for a Model Rocket Launch Extravaganza!

It should be a beautiful spring day. We'll start with donuts, chocolate milk, and coffee to get us fueled up to shoot waves of rockets hundreds of feet into the air. Try to catch your own rocket (as long as you don't shoot it into a lake).

Everyone needs to bring their own rocket, engines, igniters, and other supplies (a few launchers can be shared among your circle). Spend quality time with your son before the event picking out and building your perfect rocket. You can pick up kits at hobby stores, Wal-Mart, and online:

[http://www.apogeerockets.com/Skill\\_lvl\\_1\\_kits.asp](http://www.apogeerockets.com/Skill_lvl_1_kits.asp)

If you are not into building things there are also ready to fly sets you can buy.

Questions about model rocketry?

[http://www.apogeerockets.com/education/getting\\_started.asp](http://www.apogeerockets.com/education/getting_started.asp)

Date	Saturday, April 10, 2010
Time	9:30 to 12:00 (arrive between 9:30 and 9:45)
Location	Eastview Middle School in Bartlett off of Lake Street and Oak Street
Cost	\$10 per couple, \$14 for 2 or more sons

Please sign up and pay at March's long house meeting.

We look forward to seeing all of you and your shiny new rockets!  
The Trailblazers
